

Basic Puppy Package

Every puppy needs preventative care. The initial preventative care we provide to our puppies is pertinent to their health during their most vulnerable times. The Basic Puppy Package provides the basic preventative care that every puppy needs.

The Basic Puppy Package Includes:

- Wellness Exam at each puppy visit
- Age appropriate vaccines (DHPP, Lepto, Rabies - and any recommended boosters)
- Pyrantel per CDC guidelines
- Intestinal Parasite Exam at every puppy visit
- First dose of Heartworm, Flea and Tick prevention
- Pet ID Card - provided after the last puppy visit
- 5 Socialization/Happy Visits with one of our trained technicians

\$90.00 per visit

Social Puppy Package

Every puppy needs preventative care but some puppies need a more proactive approach to their preventative care because they are going to be leading more active lifestyles such as going to the groomer or going hiking and camping. This Social Puppy Package provides more than just the baseline of preventative care for your puppy.

Social Puppy Package Includes:

- Wellness Exams at Each Puppy Visit
- Age Appropriate Vaccines
 - DHPP, Leptospirosis, Rabies, Influenza, and Bordetella
- Pyrantel per the CDC Guidelines
- Intestinal Parasite Exam at Each Visit
- First Dose of Heartworm, Flea and Tick Prevention
- Pet ID Card - provided after the last puppy visit
- 5 Socialization/Happy Visits

\$105.00 per visit
