# *Preventative Care Package*

Every cat needs preventative care. Consistent preventative care is an essential part of every pet's life, even when they are young and healthy. This Preventative Care Package provides a baseline of preventative care to help manage your cats health.

## Preventative Care Package

- Annual Exam
  - An in depth assessment of your cats health
- Vaccinations
  - Rabies, FVRCP and any recommended boosters
- Preventative Diagnostics
  - Complete Blood Cell Count, Chemistry 10 Panel, Thyroid Test and Intestinal Parasite Exam
- 10% off the purchase of Heartworm, Flea and/or Tick prevention

A one-time payment of \$250.00.

A minimum savings of \$119.00

# ProActive Care Package

Every cat needs preventative care but some cats need a more ProActive approach to preventative care because of their more active life styles, such going outside or boarding. Consistent preventative care is an essential part of every pet's life, even when they are young and healthy. This ProActive Care Package provides more than a baseline of preventative care to help manage your active cats health and lifestyle.

## ProActive Care Package

- Annual Exam
  - An in depth assessment of your cats health
- Vaccinations
  - Rabies, FVRCP, FeLv and any recommended boosters
- Preventative Diagnostics
  - Complete Blood Cell Count, Chemistry 10 Panel, Thyroid Test, Intestinal Parasite Exam, Urinalysis, and Heartworm Anitgen, Leukemia and FIV Testing
- 15% off the purchase of Heartworm, Flea and/or Tick prevention

A one-time payment of \$370.00

A minimum savings of \$134.00

# *Progressive Care Package*

Often older cats or those with special care needs require more intensive care in order to manage more chronic conditions.

The Progressive Care Package is designed to not only help provide your cat with preventative care, but to also help provide them with the care that is the most progressive for their needs.

## Progressive Care Package

- 2 Comprehensive Exams
  - An in depth assessment of your cats health
- Vaccinations
  - Rabies, FVRCP and all recommended boosters
- Preventative Diagnostics
- Complete Blood Cell Count, Chemistry 17 Panel, Electrolyte Panel, Thyroid Test, Intestinal Parasite Exam, Heartworm Antigen, Leukemia, FIV Testing, Urinalysis and 2 Blood Pressure Tests
- 20% off the purchase of Heartworm, Flea and/or Tick prevention as well as 20% off of any recommended diagnostic testing needed to support your cats chronic conditions

A one-time payment of \$440.00.

A minimum savings of \$241.00
